

CALF FEED

Value Max Calf and Corn Gluten Feed Pellets (CGFP) are cost-effective, high quality nutrition supplements designed to increase weight gain in weaners.

Value Max Calf assists in achieving liveweight gain targets for your weaners. A highly palatable blend of quality cereal grain, this is a 20% protein mix with high levels of starch and energy and is low in fibre for increased feed intakes. Feed this to your replacement weaners at any time over the first 24 months in order to maintain weight gain on track with your targets.

Corn Gluten Feed Pellets (CGFP) is the base product for numerous dairy rations around the world. With solid amounts of protein and energy in pelletised form for added flowability, this product is ideal for your silo blends. It offers medium protein and high energy, consisting of a grain fraction and whole stillage. For ruminants, this palatable, low-starch product is high in rumen degradable protein, B vitamins, phosphorus and highly digestible fibre.

Storage:

Store in a dry area to maintain quality. Moisture contact can cause growth of moulds and toxins. Precautions should be taken against rodents and birds.
