

ADM Milkers Blend

Feeding the milkers blend to dairy cows is a viable option to increase milk production by providing supplemental rumen degradable protein and energy, putting more dollars in your pocket.

Make your feed go further with ADM's Versatile Milkers Blend, designed as a value for money option for your herd.

Feed rate between 2-4kg per cow/day, with added minerals to meet base herd requirements. This blend is to compliment your on farm forages.

Suitable for Silo as well as bulk blends

Ingredients: PKE, CGFP, Tapioca, calcimate, Causmag, Salt

TYPICAL ANALYSIS:

Dry Matter	89.4%
Energy	11.9 MJME/kgDM
Starch	12.1%
Crude Protein	15.4%
Fat (Oil)	4.3%
NDF	44%

Feeding

recommendation:

Milkers blend is suitable to feed during any stage of the farm cycle when protein is needed in the diet. Requirements will depend upon your farming system.

Storage:

Store in a dry and covered area. Appropriate storage management practices should be employed in order to maintain feed quality.

* All product fumigated before landed in New Zealand to MPI standards.

* Product may be derived from GMO corn and have variances from above due to nature.
